

European International Shipping Program for Individual Producers

INTRODUCTION

The International Beverage Competition Group and the 12th Annual New York International Wine Competition (NYIWC) are excited to offer a special shipping program from our warehouse in France for European Wine Producers in 2022. If you are not based in Europe we would be happy to coordinate with your wine organizations or government associations to create a shipping program for your region/country.

REQUIREMENTS FOR THE SHIPPING PROGRAM

—The wine has to be commercially sold. It does not have to be sold in the USA.

—All entries must be entered online either at <https://www.enofileonline.com> or by filling out the entry form and emailing to us directly info@nyiwinecompetition.com.

—Entry fees must be paid in full online or by wire transfer before products are delivered to our warehouse in France.

—Minimum of 4 entries/skus will qualify for the shipping program.

—There is no limit to how many samples you may enter into the competition (the minimum requirement for participation in the shipping program is 4 individual entries).

—Amount of samples bottles or cans per entry is based upon size of entry: The quantity required per entry is 3x700/750/1L or 4 x 375/500ml.

» *The NYIWC are not responsible for any shipping or duty fees to our warehouse in France. The wine producer assumes all responsibility for shipping and customs costs.*

WHY WE CREATED THIS SHIPPING PROGRAM

We know how difficult it can be to enter and transport your wine samples to the United States due to Customs/COLA waiver restrictions as well as high shipping costs.

On average 15-18% of the entries to the NYIWC are from breweries and cider producers who do not have distribution in the United States and want to be judged by real trade buyers. This shipping program gives you an easier way to enter the US Wine Competition Market and be judged by some of the top wine buyers in the USA.

SHIPPING FEES FOR THE SHIPPING PROGRAM

—Shipping costs from our warehouse in France to the United States are separate from entry fees into the NYIWC. Entry fees to the competition do not include shipping fees to our competition.

» *The program shipping fees below are based upon the number of your cases we are shipping from our warehouse in France to our warehouse in the United States.*

—Shipping fees to be paid with an online invoice that is generated once we start the shipping process or by wire transfer with an additional US \$15 wire transfer fee.

—Shipping fees are US \$125 for the first box of the minimum required 4 entries and then \$75 per additional box with no limit to how many entries you may submit.

» *US Customs/TTB/COLA waiver is included in the above pricing.*

FAQ

What if I am not in Europe and want to participate in the shipping program?

- » *We are happy to work with all wine producers and your Appellation or Government Associations to create a shipping program for your region/country.*
 - » *Please contact us directly or have your organization/guild contact us at info@nyiwinecompetition.com to further discuss shipping options from your country or region.*
-

May I still ship directly to the competition?

- » *Yes you may choose to ship directly to our competition warehouse in the USA. If you have an importer in the USA they may ship directly on your behalf. If you are not sold in the United States you will need to contact competitions@parkstreet.com to coordinate the COLA Waiver Process to clear US Customs. There is an additional \$50 fee for the paperwork process.*
-

What if I do not want to ship to France warehouse and want to ship closer to my country in Europe?

- » *We would be happy to coordinate a program with your regional wine association to have you ship to a closer location where we will pick up the consolidated shipment to our warehouse in the United States. Please have you or your guild/association contact us at info@nyiwinecompetition.com to review other shipping options.*
-

What is the deadline to receive samples at your warehouse in France?

- » *All sample entries must be in our France Warehouse by April 22nd 2022.*

THANK YOU!

We look forward to receiving your entries and participation in our shipping program.

Please contact us directly with any questions about participating in our shipping program.

Cheers,
